VI ECI Science Contest

JUNE 10, 2027

THE ENGLISH CENTRE
— INTERNATIONAL FAMILY SCHOOL —

RULES OF THE CONTEST

With the aim of fomenting creative activities in the science field of pupils in Senior School, Sixth Form and Higher Education, The English Centre Science Department organises the "V ECI Scientific Contest".

The following rules are established to this end:

1 PARTICIPANTS

Any Senior School, Sixth Form and Higher Education pupils may present their papers within the period indicated in these rules.

Participation may be individual or group-based, maximum 4 pupils per group. Each teacher may mentor more than one group of pupils.

2 CATEGORÍAS

FIVE categories are established:

- A) Projects by The English Centre Senior School pupils.
- B) Projects by The English Centre Sixth Form pupils.
- C) Projects in Spanish by Secondary pupils from other schools.
- D) Projects in Spanish by Sixth Form or Higher Education pupils from other schools.
- E) projects in English by pupils from other schools (including other countries)

3 PREMIOS

The following prizes are established for each category:

- Category A:
 - 1st Prize: gift card worth 160 euros and plaque.
 - 2nd Prize: gift card worth 80 euros and diploma.
- Category B:
 - 1st Prize: gift card worth 160 euros and plaque.
 - 2nd Prize: gift card worth 80 euros and diploma.
- Category C:
 - 1st Prize: gift card worth 160 euros and plaque.
 - 2nd Prize: gift card worth 80 euros and diploma.
- Category D:
 - 1st Prize: gift card worth 160 euros and plaque.
 - 2nd Prize: gift card worth 80 euros and diploma.
- Category E:
 - 1st Prize: gift card worth 160 euros and plaque.
 - 2nd Prize: gift card worth 80 euros and diploma.

The winning entries will be available for use by The English Centre. Images of the winning pupils and their teachers, obtained at the prize-giving ceremony, will be published on

social networks. If you do not agree to authorise the distribution of these images, you must expressly notify those responsible for the competition in the same email in which the project is sent.

4 SUBJECT OF THE WORK

The papers will address issues linked to experimental sciences, where pupils may choose among the following fields: food and health sciences, environment and climate, zoology, botany, chemistry, physics, technology, ...

Papers will in any case be scientific investigation papers regarding matters linked to content studied in the current academic year.

In these papers, interest, originality, and presentation will be evaluated, as well as the use of the scientific method throughout the paper.

5 SPECIFICATIONS OF THE SCIENTIFIC PROJECT

All projects must be original and must be computer typed and printed on only one side of the paper, maximum 10 pages, single space and in Calibri 11 font

6 PRESENTATION OF THE PROJECT

The projects will follow the structure of scientific articles, and can be sent:

- On paper via ordinary post to our School (Carretera Fuentebravía, Km.1, 11500 - El Puerto de Santa María, Cádiz)
- By email to the following address: ccientificoeci@elcentroingles.es

- 1) The scientific article with its title and the category it belongs to without the pupils' names.
- 2) A document, information pack, with the following data:
 - Name and surname of participating pupils
 - Email address
 - Address and telephone number
 - Age, academic year, and school the project comes from
 - Title of the article (it must coincide with the one written on the other document) and information of the teacher who endorses the project

7 DEADLINE FOR PRESENTATION OF THE PROJECT

The deadline for the presentation of the projects is Friday 7th May 2027.

8 JUGDES PANEL

The jury will be made up of teachers from the Science Department of the English Centre, and the decision and awards ceremony will be announced during the event to be held at our Centre on the 10th of June 2027.

Entering this contest entails the acceptance of all of these rules.

The jury's decision will be final.
